

August 2020 News & Notes

The TRA re-opening strategy continues to put the safety of our staff and residents first while gradually re-opening activities with guidance from public health. Our approach continues to be cautious and the strategy is subject to change depending on current public health recommendations. Enhanced infection prevention and control measures including physical distancing requirements of at least 2 metres, will remain in place throughout our re-opening and current public health recommendations will guide all decisions. For more information, please see "COVID-19 Mandatory Member Procedures" document that is attached here and also available at www.tuscany-connect.com.
